The *Hep C At A Glance* guide, provided in the interests of your health by **GROUP HEALTH CENTRE**, provides a quick reference to important information about Hep C. It answers some basic questions about Hep C. It is easy to understand and can be used by both healthcare workers and people who are affected by Hep C.

Please note that this guide contains general information about Hep C. It should not be considered all-inclusive. For more detailed information about Hep C, please refer to the references that have been provided.

These pages were developed (with permission) from the booklet originally published by the Sandy Hill Community Health Centre made possible by contributions from the nurses of the Viral Hepatitis clinics of the Ottawa Hospital, Marielle at Oasis, Glen at Jack Of All Trades Design, and with the financial support of The Public Health Agency of Canada and Hoffman-La Roche Limited.

Pages are produced by: **GROUP HEALTH CENTRE Communication Services** and Cathy Woldanski, R.N. of the Ontario Hep C Nursing Program at Group Health Centre, 240 McNabb Street, Sault Ste. Marie, ON P6B 1Y5 with slight modification only to #13 changing the location of the support services to the District of Algoma ~ Feb. 2010 ~

“It isn't the end of the world, so get to know everything you can about it before you get too upset. Information is power which leads to recovery and cure.”
Andy (cleared Hep C with drug treatment)
